

CONFIRM Rx™ ICM

TALKING TO YOUR DOCTOR ABOUT IRREGULAR HEARTBEAT (ARRHYTHMIA)

CHECK BOXES NEXT TO THE SYMPTOMS YOU'VE EXPERIENCED:

- Irregular heartbeat
- Heart palpitations
- Dizziness
- Fainting
- Chest pain

- Chest pressure
 - Shortness of breath
 - Fatigue
 - Other:
-

QUESTIONS TO ASK YOUR DOCTOR:

How common are these symptoms?

What problems can my symptoms lead to?

What types of diagnostics can you use to better understand my symptoms?

How does a Holter Monitor compare to an Insertable Cardiac Monitor?

How long will I need to use a cardiac monitor?

Will my ICM interfere with any of my daily activities?

When using an ICM, if I record an episode of symptoms, should I call your office?

If I am diagnosed with Atrial Fibrillation (AFib) or Syncope what options for treatment will I have?
